Manager & Site Lead – Workplace Real Estate and Facilities Management **August 2020 – September 2024**

GSK India Global Services Pvt Ltd

- **Led end-to-end Facilities Management and Site Operations for GSK's Global Capability Center in India**, accountable for EHS, risk governance, Business Continuity Planning (BCP), real estate operations, and employee experience across all the sites in India supporting 3,400+ employees.
- **Drove the strategic transformation of GSK's India workplace model** from a traditional operations function to an experience-focused, technology-enabled, and data-driven workplace strategy aligned with global WREF objectives.
- **Strengthened operational governance across EFM, admin services, workplace support, and risk functions**, ensuring 100% compliance with statutory, environmental, and corporate standards, and maintaining a **zero-non-compliance** record in internal and external audits.
- **Advanced ESG and sustainability priorities** by embedding energy efficiency practices, responsible waste management, health & safety protocols, and global sustainability frameworks into daily site operations.
- **Enhanced site-wide EHS governance**, instituting structured safety audits, emergency preparedness programs, high-risk control mechanisms, and contractor safety protocols, resulting in improved safety culture and reduced operational risk.
- **Led enterprise-wide Business Continuity and Crisis Response programs**, ensuring operational resilience and safe workplace operations during the COVID-19 pandemic and other disruptions.
- **Managed multi-vendor IFM frameworks (CBRE, JLL, Sodexo)** through SLA-driven governance, performance-led KPIs, and periodic audits to ensure service excellence, cost efficiency, and a unified delivery model.
- **Executed capital projects and workplace evolution initiatives**, including refurbishments, space reconfigurations, hybrid workspace enhancements, and technology upgrades while maintaining continuous operations.

- **Directed CAPEX and OPEX budgeting and long-term financial governance**, delivering year-on-year cost optimization through contract rationalization, vendor consolidation, and process standardization.
- **Partnered with HR, IT, and business leadership** to design and deliver employee-centric programs transport, wellness, cafeteria enhancements, and engagement events, that improved workplace satisfaction and supported organizational culture.
- Strengthening workplace technology adoption through digital tools, CAFM/IWMS platforms, and smart-building capabilities including occupancy analytics, automated maintenance workflows, and energy monitoring systems to enhance operational efficiency and employee experience.

Facilities Leader – Technical Center India **September 2018 – August 2020**

Delphi Technologies

- Spearheaded the establishment and operationalization of **Delphi's Technical Center in India**, developing and implementing comprehensive policies, procedures, and governance frameworks to ensure seamless, efficient, and scalable facilities operations across office infrastructure and administrative functions.
- Directed day-to-day facilities and administration operations for Engineering and Powertrain divisions, managing a 75,000 sq. ft. facility supporting over 1,000 employees, delivering a high-performing and resilient workplace environment aligned with organizational goals.
- Achieved 100% office equipment uptime by implementing proactive maintenance protocols, preventive service schedules, and rapid-response repair processes, enabling uninterrupted business operations.
- Led budget planning, forecasting, and financial governance, overseeing vendor payments, project billing, and real estate accounts, ensuring strict cost control, financial accuracy, and timely transaction processing.
- Managed vendor contracts and service delivery, driving performance through structured reviews, service-level agreements, and training initiatives to enhance partnerships, ensure compliance, and maintain high service standards.
- Managed Environmental Health & Safety (EHS) initiatives, embedding safety protocols and regulatory compliance into operational workflows, resulting in a safer workplace and heightened employee well-being.
- Executed cost optimization strategies, focusing on resource allocation, process refinement, and vendor negotiations, which delivered measurable improvements in operational efficiency and expense management.
- Oversaw employee transport services, designing and managing reliable, cost-effective commuting solutions to ensure timely, safe, and efficient transit for the workforce while reducing operational overhead.
- Led cafeteria management, ensuring high-quality food services, vendor alignment, and strict hygiene and safety protocols that supported employee health and satisfaction.
- Directed internal events and employee engagement programs, including team-building workshops, training initiatives, and corporate events that fostered culture, collaboration, and organizational cohesion.
- Managed housekeeping operations, ensuring rigorous cleanliness and maintenance standards across workspaces, common areas, and sanitation facilities, contributing to employee comfort and workplace excellence.
- Supervised technical building services, including HVAC, lighting, and electrical systems, ensuring optimal performance and adherence to preventive maintenance schedules, supporting a safe, efficient, and sustainable working environment.

Assistant Manager – Facilities & Corporate Services **November 2016 – September 2018**

Viacom18 Media Pvt Ltd

- Led the end-to-end operational setup and management of Viacom18's Bengaluru facilities as the inaugural hire, driving infrastructure planning, lease negotiations, and service delivery across two office locations, ensuring seamless continuity and adherence to organizational requirements.
- Executed the rollout of a 150-seater office at CoWrks for VOOT, managing space planning, logistics, vendor coordination, and employee onboarding to ensure a smooth transition and fully functional workspace.

- Designed and implemented standard operating procedures (SOPs) for Facilities Operations, streamlining workflows, enhancing efficiency, and ensuring compliance with corporate policies and regulatory requirements.
- Acted as the central operations coordinator, facilitating cross-functional communication between the Head Office and regional teams, improving operational alignment in areas including HR, Internal Audit, and Corporate Communications.
- Oversaw housekeeping, soft services, and inventory management, ensuring high service levels, uninterrupted support, and readiness of office infrastructure to meet daily operational needs.
- Directed employee engagement and workplace activation initiatives, managing events such as Friday Chills, food festivals, conferences, and celebrations, driving workplace satisfaction and team cohesion.
- Managed an annual CAPEX & OPEX budget of INR 10 Crores, ensuring optimal allocation of resources, cost controls, and tracking of operational expenditures to align with strategic business priorities.
- Implemented performance tracking and service standards across vendors and partners, ensuring consistent service delivery, process adherence, and accountability in daily operations.

Assistant Manager – Facilities & Administration **August 2010 – October 2016**

Dun & Bradstreet Information Services

- Managed Administration and Facilities for Bengaluru & Hyderabad branches, improving operations for D&B India.
- Organized significant events like Leadership Series and publication releases, boosting the company's brand and engagement.
- Oversaw travel arrangements, guest house management, ensuring comfort for visitors and staff.
- Implemented effective warehouse management, enhancing inventory processes.
- Led Facility Helpdesk overseeing housekeeping, pest control, stationary, technical maintenance, cafeteria, and vendor coordination.
- Handled vendor invoices, ensuring prompt payments for financial efficiency.
- Supported cross functional teams in planning events and employee engagement for a positive work culture.

Executive Administration **May 2008 – May 2010**

Aditya Birla Minacs
